Below are a few non-profit wildlife rehabilitation facilities in Washington State.

Featherhaven

Wildlife Supported: Songbirds

Location: Enumclaw, WA

Our mission is to provide compassionate care, rehabilitation and release to Washington's sick, injured and orphaned songbirds. We recognize that it is a privilege to care for wildlife and our goal will always be to release healthy birds back into appropriate habitats in the wild so that they may fulfill their purpose in the balance of nature.

For Heaven's Sake

Wildlife Supported: All species except Raccoons and Large Carnivores

Location: Rochester, WA

FHSARR is dedicated to the preservation of orphaned or injured animals by providing quality care and treatment in a safe and secure, nurturing environment while preparing them for release into their natural habitat.

Raindancer

Wildlife Supported: Raptors

Location: Olympia, WA

We specialize in the rescue and rehabilitation of injured or orphaned birds of prey, including eagles, osprey, hawks, falcons, kites, owls, and vultures. We also admit other birds as space and resources allow.

PAWS Wildlife Center

Wildlife Supported: All

Location: Lynnwood, WA

Since the PAWS Wildlife Center opened in 1981, PAWS has cared for more than 100,000 wild animals. Our primary goal is to **rehabilitate** sick, injured and orphaned wildlife, restore them to full health and return them to the wild as functioning members of their wild population.
